### PRACTICE FOCUS

Our board-certified, pain management fellowship-trained specialists are experts in the evaluation and treatment of painful conditions. Dr. Lockhart completed his Pain Medicine Fellowship at Massachusetts General Hospital, after an anesthesiology residency at Brigham and Women's Hospital, and received his Doctor of Medicine from Emory University School of Medicine. Dr. McMurtrie completed his Pain Medicine Fellowship at Thomas Jefferson University Hospital, after an anesthesiology residency at Thomas Jefferson University Hospital, and received his Doctor of Osteopathic Medicine from Philadelphia College of Osteopathic Medicine. Dr. Sun completed his Pain Medicine Fellowship at Thomas Jefferson University Hospital, after an anesthesiology residency at Mount Sinai in New York, and received his Doctor of Medicine from Jefferson Medical College.

We believe in the aggressive treatment of pain, while minimizing opioids, using a multi-modal, multidisciplinary, evidence-based, biopsychosocial approach. Our providers know that every patient's needs are different. There is no "one size fits all" approach, and we pride ourselves on personalizing a treatment plan for each individual to relieve pain, improve function and restore quality of life.
